Contractor selected for Zedler Mill Dam project

By **Juliana Mathews/newseditor@gonzalescannon.com**

LULING — Luling City Council named Jerdon Enterprises, L.P., as the general contractor for the Bank Reclamation project.

During last Thursday's Special Meeting of the Luling City Council meeting Project Manager Freese and Nichols' Les Boyd said, "We received four bids for the Zedler Mill Bank Reclamation project. Of the four bidders, one contained two mathematical errors. Freese and Nichols recommends the City award the bid to Jerdon Enterprises."

Jerdon Enterprises was the low-bidder at \$1,683,350, and has worked well with Freese and Nichols in the past. Boyd added they would be able to start in three to four weeks. City Manager Mark Mayo said they can now work weekends.

The board repealed the old airport ordinance, originally adopted in 1950, and replaced it with the new airport ordinance. Additionally, they approved the Community Revitalization Plan as outlined in Resolution 2014-R-04.
